Assessment/Evaluation:

As with other courses in the PAA areas of study, a portion of the evaluation will come from observations of students' skillful use of the tools necessary to complete the project. This requires that students be present during course hours and using the tools and equipment in the classroom and pool. Additionally, evaluations will be made of the quality of work of the finished baskets. All assessments will use a four-point rubric. Students are expected to achieve at least a 2 in each outcome. Below is the general rubric Underwater Basket Weaving students will be assessed on. Specific rubrics will be provided for each outcome.

Mastery 4 Great work! You show advanced understanding and skill in this area.	Independent 3 You show understanding and general competence in this area.	Instructional 2 Good start. You are beginning to achieve on your own.	Intervention 1 Spend some extra time with the criteria and ask for help.
