#YXEPRIDE

This week we would like to  
acknowledge and appreciate our  
science teachers! These  
individuals teach our students to  
ask questions, gather  
information, organize and test  
ideas, solve  
problems, and apply new found  
knowledge. Thank you for all  
you do to  
inspire our students!

# Science

If it's green or wriggles,  
it's biology.

If it stinks,  
it's chemistry.

If it doesn't work,  
it's physics.

If you see stars,  
it's astronomy.

If it has faults,  
it's geology.

If it's incomprehensible,  
it's mathematics.

If it doesn't make sense,  
it's either economics  
or psychology.
